Naturally globe shaped with dense dark green foliage throughout the year. Good for specimen plantings.

Hesse Cotoneaster
Cotoneaster x ‘Hessei’

Deciduous horizontally-branched moundng shrub. Lustrous green leaves turn to rich burgundy in fall. Pinkish-red flowers and large red berries. Very hardy. Excellent as a border or groundcover.

Hardiness Zone: 3
Height: 2ft Spread: 5ft

Peking Cotoneaster
Cotoneaster acutifolius

Beautiful dark shiny foliage on this erect, slightly spreading plant. Very hardy, splendid hedge plant. Excellent red-orange fall colour.

Hardiness Zone: 2
Height: 9ft Spread: 5ft

Cranberry Cotoneaster
Cotoneaster apiculatus

A graceful spreading plant with small pink blooms in spring and cranberry-size, long lasting, bright red berries in the fall. Tolerates drought.

Hardiness Zone: 4
Height: 2ft Spread: 4ft

Coral Beauty Cotoneaster
Cotoneaster dammeri ‘Coral Beauty’

A superb selection as a groundcover or for holding banks. Plant has vibrant green foliage, white flowers, and orange-red fruit. Drought tolerant.

Hardiness Zone: 5b
Height: 2ft Spread: 5ft
Broadleaf Evergreens

Lunar Eclipse Daphne
Daphne x burkwoodii ‘Lunar Eclipse’

- The leaf is what really distinguishes this plant from similar species. It has a very wide green margin and narrow yellow centre. The bark is noticeably softer and thicker.
- Hardiness Zone: 3
- Height: 3ft Spread: 3ft

Carol Mackie Daphne
Daphne x burkwoodii ‘Carol Mackie’

- Mounded shrub has green leaves with a creamy-white edge. Very fragrant pink flowers appear in May. Withstands cold.
- Hardiness Zone: 3
- Height: 3ft Spread: 3ft

Burkwood Daphne
Daphne x burkwoodii

- One of the easiest Daphnes to grow. The white flowers fade to pink. In warmer climates, it is semi-evergreen to evergreen. Use in borders, around foundations or at woodland’s edge.
- Hardiness Zone: 4
- Height: 5ft Spread: 5ft

Blondy Euonymus
Euonymus fortunei ‘Interbolwiji’

- A truly outstanding dwarf evergreen shrub. Features dark green foliage with a large yellow centre. An exciting accent or low hedge.
- Hardiness Zone: 4
- Height: 1ft Spread: 2ft

Canadale Gold Euonymus
Euonymus fortunei ‘Canadale Gold’

- Evergreen shrub has green and gold variegated leaves. Excellent accent plant. Fast growing.
- Hardiness Zone: 4
- Height: 5ft Spread: 3ft

Emerald Gaiety Euonymus
Euonymus fortunei ‘Emerald Gaiety’

- Small evergreen shrub of dense habit with distinctive white-margined green leaves. Fine accent plant. Can also be used as a climber.
- Hardiness Zone: 4
- Height: 4ft Spread: 3ft

Emerald ‘n Gold Euonymus
Euonymus fortunei ‘Emerald ‘n Gold’

- This broadleaf evergreen makes a fine groundcover with a broad upright spreading habit. Foliage is dark glossy green with vivid distinctive yellow margins.
- Hardiness Zone: 5
- Height: 2ft Spread: 4ft

E.T. Gold Euonymus
Euonymus fortunei ‘E.T. Gold’

- This evergreen shrub has green and yellow variegated leaves and makes an excellent accent plant.
- Hardiness Zone: 4
- Height: 4ft Spread: 3ft
Sarcoxie Euonymus
Euonymus fortunei ‘Sarcoxie’

Evergreen of excellent growth. Dark green foliage and small white flowers. Withstands considerable shade.

Hardiness Zone: 4
Height: 4ft Spread: 4ft

Sheridan Gold Euonymus
Euonymus fortunei ‘Sheridan Gold’

New growth is bright yellow in May, turning a bright green in July.

Hardiness Zone: 5
Height: 3ft Spread: 3ft

Surespot Euonymus
Euonymus fortunei ‘Surespot’

Large glossy leaves are predominantly rich green with vivid yellow centres. A distinctive addition to any landscape.

Hardiness Zone: 5
Height: 3ft Spread: 3ft

Blue Baron Holly
Ilex meserveae ‘Blue Baron’

Dwarf male blue holly with attractive low growing habit and a striking wine-red fall/winter coloration. Good pollinator for Ilex ‘Blue Angel’ and other blue hollies.

Hardiness Zone: 5
Height: 3ft Spread: 6ft

Blue Maid Holly
Ilex meserveae ‘Blue Maid’

Glossy bluish-green foliage. Needs male holly nearby in order to produce bright red fruit. Perhaps the most hardy of the blue hollies.

Hardiness Zone: 5
Height: 3ft Spread: 3ft

Blue Prince Holly
Ilex meserveae ‘Blue Prince’

Hardy evergreen shrub. Lustrous dark bluish-green foliage. Needed as a pollinator to female blue holly.

Hardiness Zone: 5
Height: 5ft Spread: 5ft

Blue Princess Holly
Ilex meserveae ‘Blue Princess’

Large glossy leaves are predominantly rich green with vivid yellow centres. A distinctive addition to any landscape.

Hardiness Zone: 5
Height: 3ft Spread: 3ft

Blue Stallion Holly
Ilex meserveae ‘Blue Stallion’

A dense, vigorous grower. Rich glossy leaves are bright bluish-green in colour. Snag-free foliage makes it ideal for walks and borders. Female holly needs male plant nearby to bear fruit.

Hardiness Zone: 5
Height: 5ft Spread: 6ft
Cupped green foliage sets off the white flowers in late-midseason. A standard in the trade; vigorous and extremely cold hardy with a rounded habit.

Hardiness Zone: 5
Height: 6ft Spread: 6ft

An improvement over ‘Purple Splendour’ with larger, deep purple flowers with purplish-black markings, better hardiness, and cleaner, longer lasting foliage.

Hardiness Zone: 5
Height: 4ft Spread: 4ft

Rosy lavender pink flowers bloom late midseason. A landscape staple in the Northeast thanks to ironclad hardiness and willingness to perform reliably in blazing sun and high humidity.

Hardiness Zone: 5
Height: 6ft Spread: 6ft

Hardy variety with showy red flowers and nice foliage. Heat tolerant.

Hardiness Zone: 3
Height: 7ft Spread: 7ft

Masses of lavender blooms cover this rounded shrub in the spring. Foliage is dark green and glossy.

Hardiness Zone: 3
Height: 7ft Spread: 7ft

Has soft, rose-pink flower trusses in the spring. Tolerates heat and cold.

Hardiness Zone: 3
Height: 7ft Spread: 7ft

Clump of sword-like evergreen leaves produces a spike of pendulous blooms on a tall slender stem in mid-summer.

Hardiness Zone: 4
Height: 7ft Spread: 7ft

Yellow margins on its leaves. Spiky, slow growing evergreen forming massive tufts of foliage up to 30 inches. Imposing panicles of large white flowers. Edible flowers.

Hardiness Zone: 4
Height: 3ft Spread: 3ft
Broadleaf Evergreens & Vines

Golden Sword Yucca
*Yucca filamentosa* ‘Golden Sword’
Sword-shaped rich yellow leaves edged in soft green. Tall spikes with white flowers appear in summer.
Hardiness Zone: 4
Height: 3ft Spread: 2ft

Spanish Bayonet
*Yucca glauca*
Evergreen shrub with narrow, aqua-green spiked leaves. Creamy-white flowers bloom in the summer.
Hardiness Zone: 3
Height: 3ft Spread: 2ft

Trumpet Vine
*Campsia radicans*
A vigorous, twining vine with shrubby, coarse foliage. Will climb on stone or woodwork. Showy orange-scarlet flowers in mid-summer.
Hardiness Zone: 5
Height: 30ft Spread: 6ft

First Editions® Summer Cascade™ Wisteria
*Wisteria macrostachya* ‘Betty Mathews’
Blooming in June on new growth, individual flowers are borne on long showy racemes and open as a lovely shade of dark lavender before fading. Reliably cold hardy than other wisterias.
Hardiness Zone: 4-8
Height: 20ft Spread: 8ft

Blue Moon Wisteria
*Wisteria macrostachya* ‘Domino’
Smaller form, deciduous vine with green, compound leaves and long, drooping racemes of free-flowering, lilac-blue flowers from late spring until early summer. Hardy to -40°C.
Hardiness Zone: 4
Height: 30ft Spread: 12ft
