

2027 New Introductions

Welcome to our new 2027 Plant Reference Guide. We would like to take this opportunity to thank you for your continued support and sharing with us in this business of horticulture. In the past year we have seen both challenges and success. However, we can always say that we are blessed by being a part of this industry. Dealing with beautiful people and beautiful plants gives us joy as we look forward to serving you for all your plant needs. Plants and people are a part of our heritage and our future!

"through the middle of the street of the city; also, on either side of the river, the tree of life with its twelve kinds of fruit, yielding its fruit each month. The leaves of the tree were for the healing of the nations"

Revelation 22:2

John Bakker III

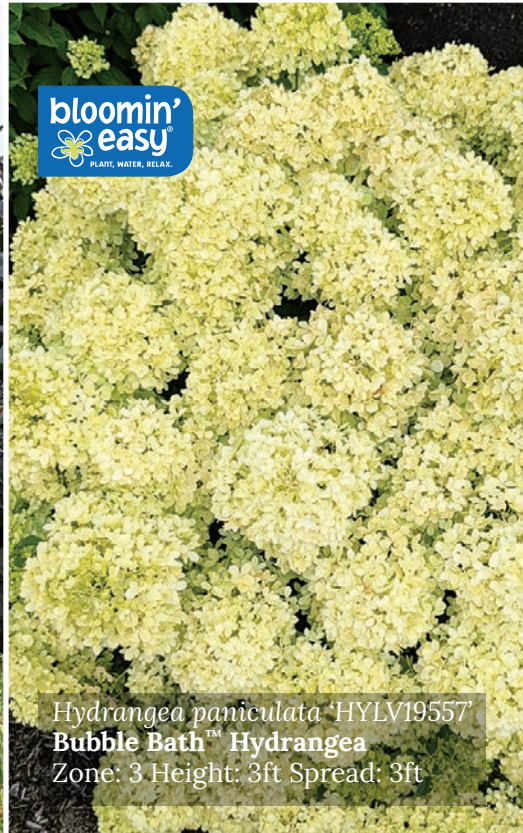

Bienvenue dans notre nouveau Guide de référence des plantes 2027. Nous souhaitons profiter de cette occasion pour vous remercier de votre soutien indéfectible et de votre collaboration dans ce secteur qu'est l'horticulture. L'année écoulée a été marquée à la fois par des défis et des réussites. Cependant, nous pouvons affirmer sans réserve que nous avons la chance de faire partie de ce secteur. Travailler avec des personnes formidables et de magnifiques plantes est pour nous une source de joie, et nous nous réjouissons de pouvoir répondre à tous vos besoins en matière de plantes. Les plantes et les personnes font partie intégrante de notre patrimoine et de notre avenir !

« au milieu de la rue de la ville ; et, de part et d'autre du fleuve, l'arbre de vie, qui porte douze sortes de fruits, donnant son fruit chaque mois. Les feuilles de l'arbre servaient à guérir les nations. » Revelation 22:2
