

To all our Valued Customers and Associates within the Horticulture Industry,

2024 New Introductions

Once again I have the privilege of presenting to you our 2024 Reference Guide. It is my pleasure to take some time each year and reflect on how things have gone, while looking forward to where we are going. We have come through a great spring and have been able to supply quality product in a timely manner. Looking at our upcoming crops, we are seeing good growth this season, possibly unmatched by any previous year. In today's world of so many uncertainties, we are able to say that God is good and has always looked after us and *His* creation; working with plants I believe is a constant reminder of this. Many things in this world are beyond our control, so let us never forget who it is that has ultimate control. As always, we invite you to come visit our nursery and see the many varieties we have to offer for this upcoming season. On behalf of all of us at Bakker's, thank you and have a great year!

"While the earth remains, seedtime and harvest, cold and heat, summer and winter, day and night, shall not cease." Genesis 8:22

À tous nos précieux clients et associés dans le secteur de l'horticulture,

Encore une fois, j'ai le privilège de vous présenter notre Guide de Référence 2024. C'est mon plaisir de prendre du temps à chaque année à réfléchir sur comment l'année s'est passée, ainsi que ce qui nous attend à l'avenir. Nous avons passé un printemps incroyable et nous avons été capables de fournir des produits de qualité de manière opportune. En regardant nos récoltes à venir, nous voyons une bonne croissance, peut-être même incomparable aux saisons précédentes. Avec toutes les incertitudes dans le monde d'aujourd'hui, nous sommes capables de dire que Dieu est bon et veille toujours sur nous et Sa création – je me fais rappeler de ceci tous les jours en travaillant avec les plantes. Plusieurs choses dans ce monde sont incontrôlables, mais n'oublions jamais qui a le contrôle ultime. Comme toujours, nous vous invitons à venir visiter la pépinière afin de voir les plusieurs variétés que nous avons à offrir pour la prochaine saison. De nous tous ici chez Bakker, merci et passé une belle année!

« Tant que la terre subsistera, les semailles et la moisson, le froid et la chaleur, l'été et l'hiver, le jour et la nuit ne cesseront point. » Genèse 8:22
